

T05: Looking for new Project Partners

Purpose: Share a new project idea or funding opportunity and connect with organisations that may be interested in joining a project partnership or consortium.

Project / Opportunity title - Give your project idea or opportunity a short and descriptive title.

Example: Digital Skills for Youth – Erasmus+ Project Idea

Programme / Funding opportunity - Identify the EU programme or funding opportunity you are targeting, if already known.

Example: Erasmus+ Cooperation Partnerships in Youth

Project idea - Briefly describe the proposed project, its objectives and the young people or other target groups it aims to support.

Example: We are developing a project to strengthen digital and employability skills among young people with fewer opportunities through practical workshops and peer-learning activities.

Who are you looking for? - Describe the type of partner organisations, countries, experience or expertise you are seeking.

Example: We are looking for youth organisations with experience in digital skills training, non-formal education or working with disadvantaged young people.

Key information - Provide any important details such as the expected application deadline, project duration, countries involved or anticipated partner roles.

Example: Application deadline: [date] | Proposed duration: 24 months | Partners sought from: EU/Programme Countries

Interested? - Provide contact details and relevant links so interested organisations can get in touch or find out more.

Example: Contact: [name/email] | Programme information: [link]

Posting tip: Be clear about the expertise or type of partner you are seeking. This will help relevant organisations quickly determine whether they could contribute to the project.
